# WOLF'S FANG RUNWAY

Our runway is overlooked by one of the most magnificent and iconic mountains on the entire continent, so named 'Wolf's Fang' by the early Norwegian explorers. Once on the ground, you will be surrounded by kilometer-high monoliths of rock that rise vertically from the ice.

Once in Antarctica, you will be transferred by our Basler BT-67 to our luxury camp at Whichaway Oasis. Flight time: 30 minutes.

As part of our responsibility towards conserving Antarctica, all emissions from our operations, including all flights to, from and within the continent, are offset by fully-accredited carbon-neutral schemes.

Our camp consists of seven heated and state-of-the-art bedroom pods that are designed for two guests to enjoy in comfort. At just over 6m (20ft) in diameter, they are spacious with a writing desk, wash area and toilet.

For guests travelling independently, the pod can be partitioned for privacy.

The rest of the camp comprises a shower pod, kitchen and three centralised pods that make up the reception, lounge and dining room. This is where our experienced team of chefs, hosts and guides will take care of every detail for you, allowing you to focus on enjoying your adventure.

While the exterior of our pods is made from cutting-edge materials, the interiors have a relaxed, old-world feel that harks back to the golden age of Antarctic exploration.

After a busy day of activities, you'll be sure to work up an appetite. Our hearty breakfasts, elegant lunches and three-course dinners will mean you are well fed whilst staying at the end of the world.

Our chefs use the best South African produce to create meals that are full of flavour and sophisticated without being fussy. The wines come from a selection of the finest Cape vineyards, whilst the bread is freshly baked and the coffee freshly ground.

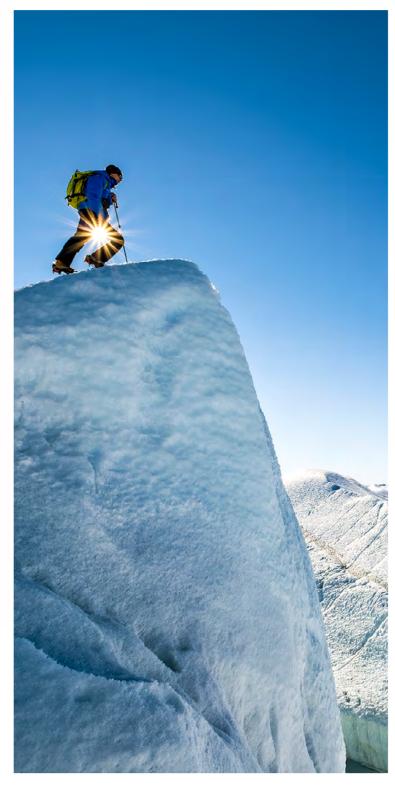

Our service is welcoming, personal and thoughtful, and takes into account each guest's dietary requirements.

Your activities can be as adrenaline-fuelled or relaxed as you like: not keen on climbing, fat biking or abseiling? Then perhaps a picnic followed by a sauna and a massage would suit. The choice is yours.

"The logistics that support this 12-guest refuge would test a space mission."

Between rugged mountain ranges and spectacular frozen waves of ice, our guides will expand your horizons and push you only as far as you want to go. Our philosophy is simple - do as much or as little as you like. After all, it's your adventure!

"Mother nature's raw beauty was breathtaking. We interacted with her, trekking, climbing and venturing into the amazing tunnels of ice." Marshal Bernes, Guest (2018)

### WELLNESS

A trip to Antarctica is the perfect opportunity to rest, recharge and recover from the hustle and bustle of everyday life. Not only are our team ready to lead you through the landscapes of Antarctica, but they are also on hand to guide you in relaxation and meditation techniques.

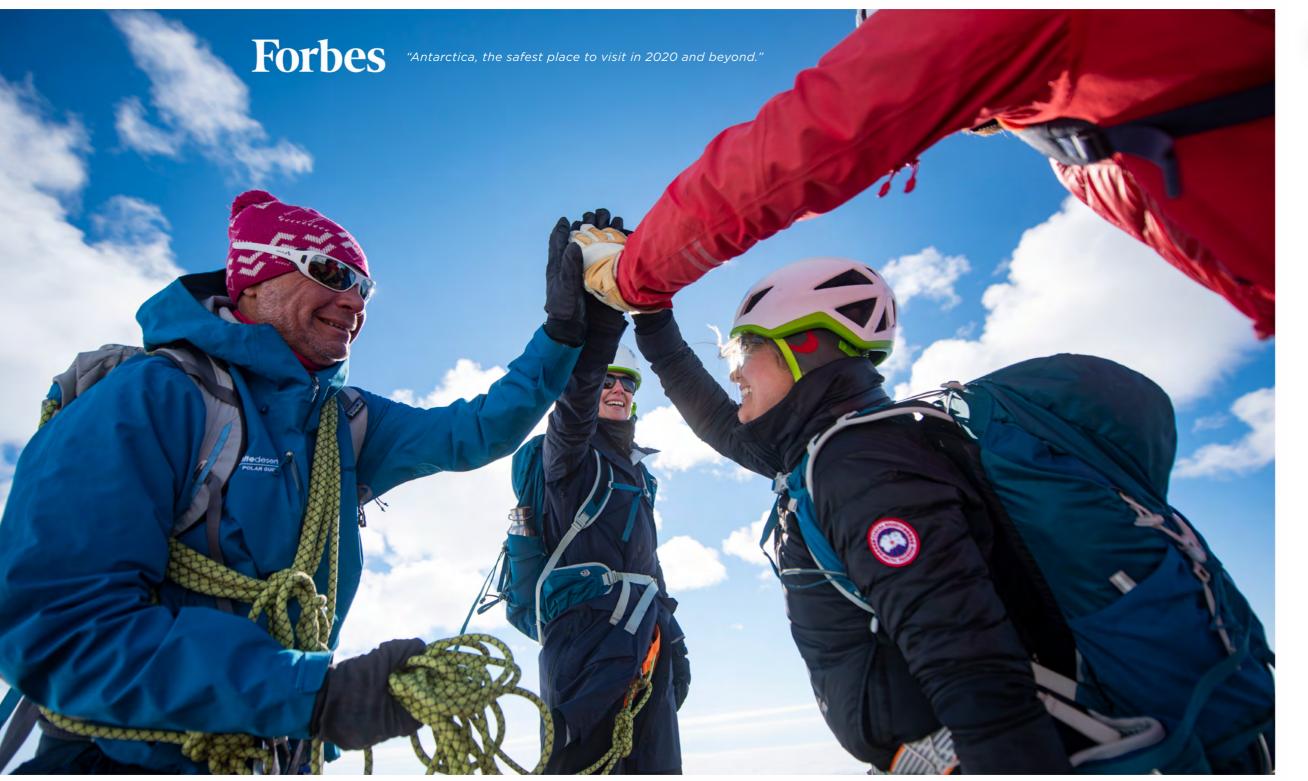

Newly added for the 2021/22 season, our sauna and wellness pod are perched beside a serene freshwater lake, whose views will inspire you during daily meditation and yoga sessions.

### YOUR SAFETY

For all its beauty, Antarctica can be a challenging environment, with low temperatures, strong winds and high altitudes. We believe the best way to protect you is through our staff and we are absolutely uncompromising about the experience and expertise of our people.

All our mountain guides have completed the strenuous 5-year UIAGM qualification, while each camp has its own fully-qualified trauma doctor and accompanying medical kits. Our chief pilot has 10 years of experience flying in Antarctica with over 18,000 hours of logged flight time.

Tracking, satellite communications and mutual Search & Rescue agreements are all part of White Desert's comprehensive safety policies. Furthermore, by operating our own aircraft, we also have the speed and flexibility to arrange an evacuation back to Cape Town in the unlikely event that one should become necessary.

Camp - As a temporary eco-camp, our whole operation can be dismantled and removed without a trace.

Carbon neutral - White Desert was the first aviation operator in Antarctica to be entirely Carbon Neutral, a status the company has held since 2007.

Waste management - We keep waste to a minimum by repackaging all consumables before we bring them to Antarctica, while at the end of the season, all solid waste is shipped back to South Africa for recycling or responsible disposal.
