EXPLORE ANTARCTICA IN LUXURY

For centuries, the Last Continent has held a special place in our imaginations, yet even now, long after the first explorers reached the South Pole, access to the interior of Antarctica is still only for the very few.

After a five-hour flight from Cape Town, South Africa, we bring you into the heart of Antarctica, a place that is both surreal and majestic. From iridescent ice tunnels to vertical spires of rock, from endless uninhabited horizons to oceans scattered with icebergs, this is a place unlike anywhere else on Planet Earth.

Established 17 years ago by record-breaking polar explorers, White Desert offers you an environmentally-conscious choice for luxury and adventure, sensitive to the incredible environment and animals that surround us.

Come with us on an unforgettable journey. Come explore.

ENVIRONMENT

White Desert believes that responsible tourism is a genuine force for good and supports Sir David Attenborough's stance on the transformative power of wilderness travel: *"No one will protect what they don't care about, and no one will care about what they have never experienced"*.

Carbon neutral - White Desert was the first aviation operator in Antarctica to be entirely Carbon Neutral, a status the company has held since 2007.

Waste management - We keep waste to a minimum by repackaging all consumables before we bring them to Antarctica, while at the end of the season, all solid waste is shipped back to South Africa for recycling or responsible disposal.

The Gulfstream has space for up to 12 guests and members of the White Desert staff will accompany the flight. ● White Desert team

ABOUT WHITE DESERT

White Desert was founded in 2005 by husband and wife team Patrick & Robyn Woodhead, who hold four exploration world records between them. When White Desert began, visitors reached Antarctica almost exclusively by cruise ship, limiting them to the Antarctic Peninsula and its coastline. Instead, Patrick and Robyn wanted to introduce guests to the deep interior of the continent while offering them a level of hospitality and comfort more akin to a high-end Africa safari than a rugged polar expedition.

Receiving its operating permit from the British Foreign, Commonwealth & Development Office (FCDO), the company has grown year-on-year and is now comprised of 70 staff of 17 different nationalities during season, providing a unique and highly specialised skillset.

Antarctic travel is the only thing White Desert does. It's our passion, it's our mission and it's in our DNA.
