

# A Week of Science & Discovery in Antarctica

20-27 JANUARY 2026

## A Journey where science meets adventure

*in support of White Desert Foundation*

Join White Desert for a one-of-a-kind week immersed in the awe-inspiring landscapes of Antarctica, guided by leading scientists and seasoned polar experts. Gain rare, first hand insight into the science shaping global climate understanding. See the frozen continent up close, whilst learning why what happens in Antarctica truly affects us all.

starting point:  
CAPE TOWN,  
SOUTH AFRICA

6 hours

Wolf's Fang Runway:  
ANTARCTICA

## What You'll Experience

Daily field explorations led  
by expert polar guides

Interactive sessions with scientists uncovering the  
continent's past, present, and potential future

Live connections with remote research  
stations across Antarctica

Thought leadership forums

A mountain flight to visit the Blue Rivers

## Your Participation Supports Real Science

USD \$55,950 per person sharing

70% is a donation going directly to the White Desert Foundation Science Grant, which supports crucial climate-related research in Antarctica.  
This portion of the trip cost qualifies as a charitable donation, US and UK guests may be eligible for tax deductions.

*Leave Transformed – with personal insights and a renewed sense of purpose for Antarctica.*
